The small-size Kanlux DUN HI is a “candle-type” bulb with E14 screw. Durability of these light sources results from the combination of LED SMD diodes and ceramic housing. Kanlux DUN HI are characterised by high luminous efficiency, at the power of 8W they emit light with a stream of 800 lm. They are perfect for wall lamps and chandeliers in all places where we want a lot of light even though the source is small.

- Material: ceramics
- Lampshade material: plastic
