

# SOPER/SOBI

**EN** The new SOPER and SOBI lamps feature stainless steel, a PC material and an integrated solar panel. The main advantage of the lamps is their modern design and built-in batteries, which gives you the convenience of being independent from electrical installations. SOPER sconces are an on-wall lighting with a motion sensor (SOPER PV-SE) and without it (SOPER PV), whereas SOBI line comprises of a sconce and a standing lamp. The fixtures have an in-built source of light with a cold temperature colour. All fixtures have a modern design.

**PL** Nowe lampy SOPER i SOBI to stal nierdzewna, tworzywo PC i zintegrowany panel solarny. Nowoczesny styl lamp i wygoda powodowana wbudowanymi akumulatorami i tym samym niezależność od instalacji elektrycznej, to ich niewątpliwe atuty. Kinkiety SOPER to oświetlenie naścienne w wersji z czujnikiem ruchu (SOPER PV-SE) oraz bez (SOPER PV), natomiast seria SOBI to kinkiety i słupki. Oprawy te mają wbudowane źródło światła w zimnej barwie. Wszystkie te oprawy cechuje nowoczesny wygląd.
